CENTRAL INTELLIGENCE AGENCY
Washington, D.C.

August 1960

This Gazetteer is issued as a standard component of the National Intelligence Survey for Ceylon and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

FOREWORD

This gazetteer contains about 29,600 entries for places and features in Ceylon. The entries include standard names approved by the Board on Geographic Names and unapproved variant names, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

The names in this gazetteer supersede those in all previous Board lists for the area.

The map scale of name coverage is approximately 1:63,360.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name. — Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the standard names by use of the word "see." Where part of a name is underlined, the use of the part not underlined is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. Names that include specific and other elements (except names of populated places) are alphabetized by specific part; thus Point Pedro is listed as Pedro, Point.

Designation. — The second column contains designations or abbreviations of designations, as follows:

ADMD	administrative division (district, province)	CHNM	marine channel
BAY	bay	COVE	cove
BNKM	marine bank	DTCH	irrigation ditch
BSN	basin	ESTA	agricultural estate
CAVE	cave(s)	FLLS	falls

FRD	ford	PSGE	passage
FRST	forest, forest reserve	PT	point
FT	fort	RDGE	ridge(s)
GULF	gulf	RDGM	submarine ridge
HBR	harbor	RDST	roadstead
HLL	hill	RF	reef
INLT	inlet	RKL	rock on land
ISL	island, islet	RKSL	rocks on land
ISLS	islands	RKSW	rocks in water
LGN	lagoon	RKW	rock in water
LK	lake	RLG	religious structure (shrine, temple)
MRSRH	marsh	RPDS	rapids
MT	mountain	RSTN	railway station
MTS	mountains	RSTP	railway stop
PASS	pass, gap	RSV	reservoir, tank
PCLI	independent political entity (dominion)	RUIN	ruins
PEN	peninsula	SHOL	shoal(s)
PLAT	plateau	SITE	archeological site
PLN	plain	SPNG	spring
PND	pond	STM	stream
POOL	pool	STMD	distributary stream
PPL	populated place (city, town, village)	STMI	intermittent stream
PPLX	section of populated place	STMM	stream mouth
PRK	national park	STMX	section of stream
		STRT	strait
		VAL	valley
		WLL	well
		WTRH	waterhole(s)

Latitude and longitude. — Coordinates, in the third and fourth columns, are for finding purposes only. They were generally read to the nearest minute. For precise location, large-scale maps should be used.

Coordinates were read at the map symbol for populated places and other entities occupying limited sites, at the mouths or lower ends of streams, at one end of canals, at the summits of mountains and hills, at the extremities of capes, near the centers of areas, and at the midpoints of most other features.

Area number. — The number in the fifth column indicates the administrative unit in which the place or feature is located, as follows:

45900	Ceylon	45905	Eastern Province
45901	Northern Province	45906	Western Province
45902	North Central Province	45907	Province of Sabaragamuwa
45903	North Western Province	45908	Province of Uva
45904	Central Province	45909	Southern Province

The number 45900 is used for international features and for features in more than one province.

Locational reference. — The number in the last column indicates a map, chart, or other source on which the feature may be located by its standard name or a recognizable variant of its standard name, as follows:

- 01 *Ceylon: One Inch*, Survey Department, Ceylon, 1950-54; scale 1:63,360.
- 02 British Admiralty charts and pilots (*Bay of Bengal, 1953*, and *West Coast of India, 1950*, with supplements), Admiralty, London.
- 03 *Motor Map of Ceylon*, Survey Department, Ceylon, 1957; scale 1:506,880.
- 04 *Ceylon: Quarter Inch*, Ceylon Survey Department, Ceylon, 1956; scale 1:253,440.

The code 00 is used for cross-references and for the standard names to be found only on references other than those listed above.

Reporting of errors

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors to the Board on Geographic Names, Department of the Interior, Washington 25, D. C. A statement of the source of the correct information will be helpful.

Other name lists

The following publications contain names not included in this gazetteer and may be helpful as finding lists, though the additional names in them are not necessarily those that would be approved by the Board as standard names:

1. *Guide to Telegraph Delivery*, Post and Telecommunications Department, General Post Office, Colombo, 1953.
2. *Ferguson's Ceylon Directory 1959*, The Ceylon Observer Press, Colombo.
